PRESS RELEASE

**WINNEBAGO COUNTY DRUG COURT CELEBRATES
54th GRADUATION**

Rockford, IL—Judge Janet R. Holmgren, Presiding Judge of the Problem-Solving Courts Division, is pleased to announce that the Winnebago County Adult Drug Court held its **54th graduation ceremony** on May 14, 2025. Eight Drug Court participants successfully completed all of the Drug Court program requirements and were honored at this graduation ceremony. Including these 8 graduates, a total of 763 participants have successfully completed Drug Court since the program began in 1996.

Drug Court, which began in 1996, is an intensive problem-solving court program that targets persons in the criminal justice system who are physically dependent upon drugs and/or alcohol. Participants voluntarily consent to participate in the program which provides them with a full continuum of substance use disorder treatment services in order to successfully achieve and maintain sobriety. A multi-disciplinary team of clinical and justice professionals closely supervise each participant's compliance with treatment and probation supervision requirements and hold them accountable through frequent court appearances before Judge Holmgren, random and frequent drug testing, and intensive probation supervision.

“The purpose of Drug Court is to improve the quality of life for the individual participants, their families and our community by restoring them to a safe and sober lifestyle which in turn dramatically reduces the likelihood that they will commit new offenses because of their addiction,” stated Judge Holmgren. “Each of our graduates has a compelling story about the destructive impact and struggles caused by their disease and how they utilized the resources and supports of Drug Court, make it possible for them to restore and rebuild their health and relationships with their families, keep and retain employment and/or pursue their education and overall, giving them the opportunities to be positive, contributing members of our community.”
